Signature of Approval

*By granting your approval on this document you acknowledge that all sections within have been reviewed, changes/adjustments discussed were made and you understand the aspects in your Project Plan. This document supersedes the general scope provided in the Proposal and is the blueprint for the construction of your website, project, or site enhancement. It is followed closely by all Americaneagle.com staff during construction and major changes throughout the rest of your project may cause delay or additional charges applied.*

*This Project Plan is based on an estimated amount of time for work required, however can be subject to change should there be any request for additional items (example: additional comps or major modifications to design and/or Front-End/Back-End coding requested after official approval from client) that are not featured in this document. This Plan will be revised and will need to be approved again should there be request(s) for any type of deviation of work that will have significant impact to the timeline in this document.*
